

# New High Temperature Brass Truck Valves

**O-Ring Truck Valves fit 15.7mm valve hole**

**Ideal for buses, waste haulers, or any other vehicles  
generating high heat during operation.**

Dill P/N	Pack QTY	Temperature Range	Torque (in-lbs)	Seal Material
VS-570-EQ-100	100	-40° to 400° F	100 - 130	Viton
VS-572-EQ-100	100	-40° to 400° F	100 - 130	Viton
VS-573-EQ-100	100	-40° to 400° F	100 - 130	Viton

**High temperature valve core, valve cap, and specially designed Viton o-ring provide resistance to high temperatures and allow the valve to remain tight to the rim without having to regularly re-tighten the nut.**

**Hold valve with hex  
feature on back end of  
valve to prevent spinning  
in rim.**
